

# What's Happening @ INNOVO

FEBRUARY 2023

## FEBRUARY 2023 ALREADY!

### Moving at full throttle with new ventures and partnerships.

New technology partnerships are front and centre of first quarter efforts to offer solutions particularly to major global industry players. We look forward to taking you on the journey and sharing with you rapid changes and opportunities to accelerate the move to NetZero by 2030.

### OZKEM AND INNOVO SIGN JV AGREEMENT

Australian company OzKem, [www.ww.ozkem.com.au](http://www.ww.ozkem.com.au) which specializes in corrosion protection for HVAC and

Refrigeration Coils, and INNOVO have formed a Joint Venture (JV). The JV will initially focus on opportunities in the UAE where OZKem has based its manufacturing facility and local office.

### INNOVO SIGNS MOU WITH SAUDI CONSULTANCY ADVANCED PATTERNS

Advanced Patterns will represent INNOVO in the Saudi Gigaprojects and collaboration with major contracts in both Saudi Arabia and MEA.

### CSR ACCREDITATION AND INNOVO NET ZERO ANNOUNCE PARTNERSHIP

CSR Accreditation certifies the progress made by organizations towards their ESG objectives including Net Zero. [www.csr-accreditation.co.uk](http://www.csr-accreditation.co.uk)
